·candela·))))))))))) eli IMPULSE

Konsorcjum ELI Polska

Research opportunities for modern science and technology using highpower pulsed lasers

Online Extreme Light Infrastructure ERIC Training for Polish Students

State-of-the art lectures delivered by leading experts in the field

6 March 2024, Wednesday, 09:15-11:00

Tyler Green & Robert Boge

An overview of laser technology development

13 March 2024, Wednesday, 09:15-11:00 **Zsolt Divéki** Ultra-short laser pulse technologies

20 March 2024, Wednesday, 09:15-11:00 Jaroslav Nejdl Laser-driven X-ray sources and applications

27 March 2024, Wednesday, 09:15-11:00

10 April 2024, Wednesday, 09:15-11:00 Jakob Andreasson ELI Beamlines E1 technology and applications

17 April 2024, Wednesday, 09:15-11:00 Miloslav Kloz Bio applications

24 April 2024, Wednesday, 09:15-11:00 **Florian Condamine** Laser-plasma interaction

30 April 2024, Tuesday, 09:15-11:00 **Tomas Tolenis Optical coatings for laser applications**

Anna Zymaková

X-ray spectroscopy status and challenges

3 April 2024, Wednesday, 09:15-11:00 Lajos Schrettner Control systems of ELI-ALPS
